EZEE Hoarding Inc.
23871 - 36A Avenue
Langley, BC V2Z-2J6

Reference: Temporary Hoarding Demonstration (EZEE Hoarding)

To Whom it May Concern,

We are pleased to confirm that EZEE Hoarding Inc. performed a mock up installation of their new Reusable/Recyclable hoarding system in order to verify their claims regarding safety, the ease of installation and removal, little or no damage to existing finishes and minimal clean up. We have concluded that the EZEE Hoarding claims are true, and we are impressed with the product, especially since it is also fully recyclable and reusable. It also eliminates adding waste to the landfills, unlike the current typical steel stud and drywall systems.

The building that this demonstration was conducted in is a six floor, 32,000 sq/ft Medical/Retail tower. We are also pleased to note that we did not receive any complaints from any of our existing twenty-three tenants (which consist of a medical laboratory, doctor offices, optometrists, pharmacy, etc.) resulting from this demonstration. We are planning to use the EZEE Hoarding system where and whenever required in our future projects.

Yours truly,

Mike Wester

Building Manager
