## Safe Work Practices

At EZEE hoarding we take great care to make sure our project teams and staff are all trained and aware of safety policies in place. We understand that to you this is not just a construction site; this is your business, your image, passion and lively hood. We take great pride in working with you and believe that educating our teams is always ongoing to ensure the highest level of safety precautions are being made, 100% of the time.

### [EZEE Safety Manager – Alex Hay](#)

Our safety manager works to promote EZee Hoarding safety philosophy and develop strategies to maintain a safe work environment. The Safety manager has the authority to implement any necessary procedures to ensure the safety of all persons on the jobsite. The Safety Manager is responsible for educating, increasing safety awareness, and monitoring the overall safety on the jobsite.

*Note: Certificate of Insurance & WCB Coverages submitted with each project*

## Fire Safety

EZEE HOARDING IS A CLASS A1 NON-COMBUSTABLE  
EZEE HOARDING FLAME & SMOKE SPREAD RATING: ULC S102.2-18

### What is Class 1 or Class A fire rating?

Materials that are highly resistant to fire, does not spread flames quickly and is self extinguishing within 7-10 seconds from when the heat source is removed.

### What is a ULC S102.2-18 flame and smoke spread rating?

This is the burning characteristics of flooring, floor covering, miscellaneous materials and assemblies. (Detailed test results available).

### Why are these fire ratings important to consider for temporary hoarding?

- **FIRE SAFETY:** Ensure you have the right material for the job. EZEE hoarding having a class A1 and ULC S102.2-18 rating means that in the event of a fire your hoarding will not contribute to the growth of the fire or give off toxic smoke to you, your team, the public and your building.
- **Peace of mind:** Know you are safe - In the event of a fire you will have the peace of mind to know that you have met the fire safety requirements by having a class A1 non-combustible hoarding that has been tested for a ULC S102.2-18 rating.

### Why Did EZEE Hoarding get this testing done?

- **Commitment to safety** – EZEE Hoarding takes safety very seriously. We take a preventative approach to ensure the safety of our people, other workers, the public and your buildings.
- **Meeting the fire safety standards** – EZEE Hoarding is committed to lead the industry in not only service but also safety. By having this test and knowing that EZEE Hoarding has a ULC rating that fits into an A1 non-combustible ensures you have the proper hoarding to meet the industry fire safety requirements.
- **Ensure we are taking care of you** – EZEE Hoarding is committed to taking care of our clients, we understand your interests and make them our own. By having these tests results we know we are doing what needs to be done to ensure you are taken care of.
