

# June 2021 Newsletter

EZEE Hoarding | Exceeding Expectations

June 2021 was one of our biggest months to date! While many things have changed this year, our commitment to our clients remains our top focus. In partnership with our people, EZEE Hoarding is committed to be the industry leader through product quality, cleanliness, customer service, sustainability, team collaboration and grit.

We had numerous big projects this month anchored by Brentwood mall and shape properties which saw us install over 8000sq/ft in 5 days. Our crew was running on all cylinders but we delivered at kept going strong the rest of the month.

We are excited to start sharing monthly newsletters with you and your teams to spotlight some top waste eliminating projects, year to date and overall waste elimination totals and new products and services that you wont want to miss out on!

## 2021 WASTE ELIMINATION TRACKER

**214,134 LBS**

Have been eliminated from our landfills this year  
by choosing sustainable hoarding.

---

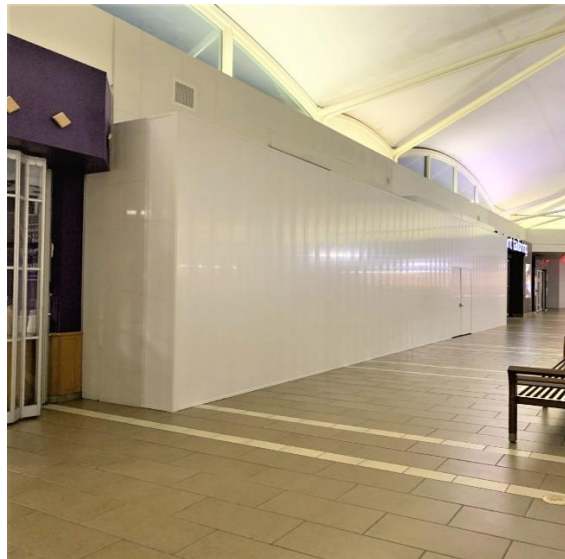

## ALL TIME WASTE ELIMINATION TRACKER

**1, 325, 596 POUNDS**

# June Feature Project

Brace back wall | Brentwood Shopping Centre

We wouldn't have been able to do this without the teamwork of our lead installers and warehouse. Throughout the process we learnt a lot about our new door system that's definitely worth checking out! Our doors are now better than ever and barely noticeable if it weren't for the door knob. They make the installs even faster than before while also maintaining the security that's needed in high traffic areas. This is something that R&D have been working on for a while spear headed by Kyle Olinek, Ed D, and the rest of the crew! GREAT JOB TEAM!

**The EZEE Hoarding website is LIVE!**

Check out our website that launched in Spring 2021!
